COURTHOUSE MARRIAGE.

Charley Long and Miss Jessie Williams were married at the courthouse this morning at 10:30 by Judge L. D. McGee. The contracting parties live in the bottom section. The marriage was witnessed by a large number of ladies and children, who were at the courthouse at the time preparing for the Spring Pageant.

THE SPRING PAGEANT.

The Spring Pageant, which has been so extremely advertised for the past thirty days, scheduled to be held this afternoon, will occur as per announcement, so we learn at press hour. Should the rain continue, the parade may be abandoned, but the ladies have been offered the tent on the courthouse lawn for the crowning of the queen, Miss Wallace, and should the weather continue so threatening the exercises will take place there. The ladies have worked very hard to make the affair a success, and while it is to be regretted that the weather has been unfavorable today, still we all should rejoice that we are the recipients of such a fine rain. Should the exercises be rained entirely out, the program will be announced for another date.

HEAVY RAINS SOUTH.

Reports received over the railroad wires of the Houston & Texas Central today state that heavy rains have fallen between Houston and Hearne over the main line of the road, and that light rains have fallen between Ennis and Fort Worth. The rain between Houston and Navasota resembled a small flood, which began falling at 11 o'clock this morning and was still raining at 2 o'clock.

Several farmers in town this afternoon report good showers in their community this morning and some of them report rain this afternoon. Indications now are that the precipitation will be general over this section, as well as over other parts of Texas.

JUST RECEIVED.

Large assortment of Ford parts and accessories.
D. D. WHITE.

FOR SALE.

Nice Cottage and one and a half lots, on corner and south front, on West Anderson, Street. Price \$1250.00. J. W. Batts.

GIVEN EXAMINING TRIAL.

Clifton Jones Admitted to Bond in Sum of One Thousand Dollars.

Clifton Jones, colored, charged with the killing of Pink Hawkins, also colored, late Thursday evening, was given a preliminary examination today before Justice L. D. McGee in the district courtroom. The state introduced about five witnesses, while the defense offered very little testimony, but from the nature of the questions propounded to the witnesses by the defendant's attorney, self-defense will be the plea. County Attorney Lamar Bethea represented the state, while Chas. B. Hudson represents the defendant. After the introduction of the testimony Jones was admitted to bail in the sum of \$1,000, which, it is thought, he will be able to give.

ALLEN ACADEMY EXAMS.

This week has been a very busy one at Allen Academy. The regular quarterly examination has been in progress and the students have been undergoing some strenuous tests. These examinations are held every nine weeks, and by this method the faculty is enabled to keep thoroughly in touch with what the students are doing. The papers are being graded, and as soon as completed announcement will be given as to the grades made, as this is always looked forward to with much interest by the students.

U. S. Weather Bureau

DAILY WEATHER FORECAST
Office, Dunn & Daly Bldg.
Phone 79.

Tonight fair and colder; Sunday fair.

Weather Conditions.

The thermometer over the eastern part of the Plains States and most of North Texas was lower last night than twenty-four hours ago. West Texas and also the northern portion of the state received considerable rainfall yesterday in the form of local showers. There has been light precipitation in the extreme northwest. Elsewhere over the country the weather was fair last night.

LECTURE MONDAY NIGHT.

A. M. Bowles, division engineer of the Portland Cement Association, Portland, Ore., will give a lecture Monday night in the chapel of A. and M. College that should interest every citizen who believes in good roads.

His lecture will be on the building and maintenance of concrete roads, which will be illustrated by slides and moving pictures. The lecture will be free to everyone, and the public is invited. Lecture takes place at 7:30.
